

SMR MODULAR SHOULDER SYSTEM REACHES 60.000 IMPLANTS

The SMR System, Global Leader in Shoulder Replacement, Exceeds 60.000 Implants in 2014

San Daniele del Friuli, Udine, Italy. – January 7, 2015 – With the achievement of 60,000 SMRs implanted since launch, Lima Corporate reaches another important goal in the expansion of its innovative shoulder portfolio.

The SMR system has been designed by Prof. Mario Randelli (Milan, Italy) and has become market leader in several countries around the world including Italy, Australia and New Zealand.

“We expect the growth to continue in the next years, also thanks to recent successful product launches in the U.S., Europe and Japan” said Luigi Ferrari, Chief Executive Officer of Lima Corporate. “The SMR system is implanted in more than 28 Countries worldwide, supported by over 12 years of proven clinical history, remaining one of Lima’s most popular products. The system is designed to significantly improve the patient quality of life”, Luigi Ferrari added.
